Wood Diners

Our wood diners are made from renewable Rubber Tree wood with a fine attractive grain. We have styles available in a varnished blond finish as well as a walnut stain. Wood diners are available in heights of 3.5", 4", 7", 10" & 16". Our NEW "Elegant Single" raised stand is 10" tall.

Our family of diners brings the benefits of raised feeding of all varieties of dogs, from Chihuahua to Great Dane. Most pet owners feed their best friends in the kitchen. We have strived to transform a couple of bowls on the floor in the corner by the fridge into a stand alone piece of functional and attractive furniture that compliments the decor of any setting.
